**RE: REMINDER OF COVID-19 REGULATIONS / ENFORCEMENT**

As we approach the mid-season mark and experience some rise in COVID-19 cases here on Prince Edward Island, Hockey PEI would like to remind its membership of the importance around following Public Health measures.

We understand that membership and facilities alike are fatigued of the wavering COVID-19 pandemic, however, the need to stay vigilant now more than ever is of the utmost importance.

Our organization strives to do its part in minimizing the risk of not only COVID-19 transmission, but also any halt to our scheduled programming. In order to do so, we must remember to act attentively to the following:

- Always wear your mask when required.
- Continue to practice good hand hygiene frequently.
- Work with your facility on the continued requirement of Vax Pass enforcement.
- If you are feeling unwell, please stay home.

If your membership is involved with a case of COVID-19 or possible exposure and are required to get tested, you may relay that recommendation, but do not ask for records of their testing results. If membership is going against anything outlined under the Public Health act, the Chief Public Health Office will follow up with the appropriate enforcement and fines.

We appreciate your cooperation and attention on these matters.

Regards,

Al MacIsaac - President, Hockey PEI

Barry Thompson - Chair, Hockey PEI Minor Council

Cc: Connor Cameron - Executive Director, Hockey PEI
