**North River  
Peewee AA  
Flames**

**Welcome to the 2010 Bell Aliant Cup  
Peewee AA Male Provincial Championship!**

It is with great anticipation that the tournament host committee welcomes you to the 2010 PEI Provincial Peewee AA Hockey Championship.

With the support of our sponsors, we have arranged for the heat to be warming the stands and a hospitality room upstairs where you can get hot and cold snacks, drinks, treats and watch the action. We are also happy to be offering a few gifts for each and every player.

We look forward to three days of exciting Peewee hockey. Regular season standings do mean anything... we are in the playoffs now! There are silver medals for the runner up team and gold medals and a championship banner to be presented to the winner of Sunday's game.

Don't forget to try your luck over the weekend on our 50/50 and \$100 cash draws.

Thanks for coming and enjoy your weekend.

## 2010 Bell Aliant Cup Peewee AA Male Provincial Championship Tournament Rules

### Game Format

Round robin games during the Provincial Championship tournament shall follow the same format as that in the regular season - 3 periods of 12 minutes stop time.

### Home Teams

A flip of a coin shall determine the home team for the round robin games. The top seeded teams after round robin play shall be the home teams for the semi-final and final games.

### Overtime

There shall not be any overtime in round robin games. Semi-final and final games will be played until a winner is declared, and any overtime will follow the Hockey Canada playing rules in that regard (a ten minute, 5 on 5, sudden victory period, flood of ice, followed by consecutive 20 minute 5 on 5 sudden victory periods until one team scores).

### Tie Breaking Formula

To determine team standings:

- a) Best win record in games played between tied teams
- b) If still tied, best win record
- c) If still tied, best plus minus record based on goals for and against between tied teams
- d) If still tied, the team with the best goal average would qualify. The goal average of a team is determined by dividing the total number of goals for by the total number of goals for and against. The goal ratio will be for games between the tied teams only

Example:           Total Goals For: 10  
                  Total Goals Against:     4  
                  Percentage:                 $10/(10+4) = 10/14 = .714$

- e) If still tied, the team to qualify would be the team which scored the first goal in the game between the two teams
- f) If still tied, the team to qualify would be the team that received the least minutes in penalties
- g) If still tied after all previous methods have been applied, the winner will be decided by a single toss of a coin.

### Breaking Multiple Team Tie

In the event that more than two teams are tied, once the tie breaking rules have been used to eliminate one team, the procedure to break the remaining tie will be to revert back to the beginning criteria.
